***Statement of Reasons for Allowance***

1. Claims 1, 2, 4, 5, and 7-20 are allowed. The following is an Examiner's statement of reasons for allowance: Applicants deletion of claims 3 and 6 renders moot the indefiniteness rejection made in point #2 and part of the enablement rejection made in point #3 drawn to those claims, made in the previous office action. Applicants' argument that treatment of obsessive-compulsive disorders is an art-recognized usage of 5-HT<sub>2C</sub> receptor inhibitors is persuasive. Martin (J. Pharm. Exp. Therp.) teaches RO 60-0175 and RO 60-0332 are efficacious in the burying behavior test in mice, the polydipsia assay in rats, and a compulsive behavior test in monkeys. These are assays taught by the reference to be art-recognized as correlated with clinical efficacy for obsessive-compulsive disorder treatment. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
